

A Firefighter Wife's Prayer

Heavenly Father, I'm asking you to send your angels today,
To protect my volunteer firefighter husband in a very special way.
I ask you to guide his thoughts and actions and keep him free from fear,
To bring him home safely again to those who hold him precious and dear.
Please show me the way to let him know I'm proud to be his wife.
I thank you Lord for giving me this man with whom I share my life.
To keep those you love safe from harm is a goal that you both share,
I pray that as he follows in your ways, you hold him in your care
